

ACCESSING PRIVATE APPLICATOR INFORMATION

View current approved courses:

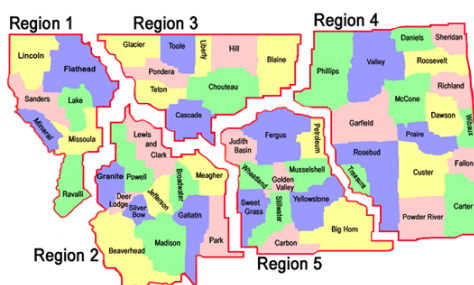

Go to <http://pesticides.montana.edu>

Select 'Private Applicator Program'

Select your Montana Region.

Select your program of interest.

Programs will be listed for the region of Montana that you select. By selecting a program, an applicator may view the program agenda, location of program, and contact information. Applicators may wish to contact the program sponsor to pre-register.

View license information (including applicator license numbers):

Go to <http://pesticides.montana.edu>

Select 'Private Applicator Program'

Select 'Applicator License Number'

Submit first and last name of applicator.

The applicators license information will be displayed. This includes county of residence, license number, license expiration date, and license requalification date.

View education credits:

Go to <http://app.mt.gov/pest/>

Click on [View Education Credits](#)

Enter your license number (ex: 123456-12)

Click continue

Your current education credits will display grouped by license category. Programs attended will be described by date, title and credits.

If you have any questions regarding your private applicator license contact your county Extension Agent or the MSU Pesticide Education Program (406-994-5067, ctsharp@montana.edu).
