If you are interested in range management, range plants and identification, recordkeeping and working out doors with area landowners this may be the program for you. The District will help train you in the art of range monitoring, help you develop a contract to be used in the process of selling your skill as a range monitor to local landowners. We will also assist you in learning some recordkeeping techniques to help with your final product for the landowner.

Fair Book

The 2009 4-H Fair Books will be ready May 15th. We suggest that Club Leaders pick up books and entry forms for their clubs. Only one book per family, and please DO NOT sign up for more than you think you can handle. Too much time and effort goes into making tags and judging sheets for the projects that are not completed. We ask you finish as many projects as you possibly can to put on a great display at the 4-H building.

Interview Judging

We will again be conducting the indoor judging like we did last year. Each member will have to answer 3-4 basic questions about their indoor projects. Leaders and members are encouraged to look at this decision in the best interest of the member. Through this short interview, members will be more comfortable to be a counselor at camp, an ambassador, or working with adults.

School Project Exhibits

Just a reminder that members are allowed to exhibit projects at the Fair that they have completed at school, provided that it is entered in the appropriate 4-H division. This is allowed because a number of 4-H projects correlate closely with those done at school and members do the work.
